Optex HX-80N High-Mount PIR

24 m long & narrow outdoor PIR · mounts 2.5–3 m high

STOCK CODE

07HX80N

High-mount outdoor curtain PIR that's out of reach of tampering — 24 m long, with adjustable range.

24 × 2 m	2.5–3 m	IP55	12 V
narrow coverage	mount height	weatherproof	9.5–18 VDC

WHY CUSTOMERS CHOOSE IT

- **Range limit** — 6.5, 10, 13 or 18 m to stop short of roads
- **Bracket** ±20° vertical, ±95° horizontal
- Double conductive shielding · temperature compensation
- Masking plates & flaps to fine-tune coverage
- Aux input for a second device

BEST FOR

- ✔ Long walls, fence lines and driveways
- ✔ High mounting out of reach of vandals
- ✔ Commercial sites, storage yards, homes
- ✔ Sloping ground (adjustable bracket)

NOT FOR

- ✖ Wide open areas — coverage is only 2 m wide
- ✖ Battery installs — sell the HX-80NRAM
- ✖ Areas where it can't see along the full 24 m

FAMILY — PICK THE RIGHT ONE

HX-80N	Standard 2-PIR model — **this unit**
HX-80NAM	Adds anti-masking + trouble output
HX-80NRAM	Battery operated, anti-masking

COUNTER QUICK ANSWERS

Why high mount? Harder to reach or tamper with, and sees over low obstacles.

Can I stop it at the boundary? Yes — set the range limit (6.5–18 m).

Anti-masking? Not this model — sell the HX-80NAM.
