Impro Primo Software

Web-based access control software for 1–100 doors

STOCK CODE

72APP910

Easy, web-based access control for small and medium businesses — start with one door, grow to 100.

1–100 doors | **Web** browser based | **Multi** site management | **Offline** door validation

WHY CUSTOMERS CHOOSE IT

- **Web-based**, wizard-driven and easy to learn
- **Off-line validation** — doors keep working if the network drops
- Works with **Idemia, Control iD, Hikvision** biometrics & HID Mobile
- Free API for integrations
- Custom views, dashboards and reports

BEST FOR

- ✔ Small to medium businesses (< 100 doors)
- ✔ New and existing Impro installations
- ✔ Multi-site companies managing from one place
- ✔ Customers wanting face/finger or mobile access
- ✔ Sites that need HR-type reports (hours, absenteeism)

NOT FOR

- ✖ Large enterprise sites over 100 doors
- ✖ Non-Impro controller hardware
- ✖ Customers needing floor-plan views (coming later)
