12 V	5 A	90–264 V	Class B
DC out	60 W	AC in	EMC

BEST FOR

- ✔ Powering XVRs/NVRs or several 12 V cameras
- ✔ Access controllers and readers
- ✔ Bench and temporary power

NOT FOR

- ✖ Battery backup (no charging)
- ✖ Outdoor use

COUNTER QUICK ANSWERS

Battery backup? No — use a backup PSU for that.

How many cameras? Add up each camera's current; stay under 5 A.

Plug type? Check stock for the lead/plug supplied.

WHY CUSTOMERS CHOOSE IT

- **Wide 90–264 VAC** input
- Meets EN55032 / FCC Class B
- Desktop brick style
