Kantech ioSmart MIFARE Plus Card (Printable)

MIFARE Plus EV1 2K smart card · printable

STOCK CODE

39MFP-2KDYE

Encrypted smart card for Kantech ioSmart readers — more secure than proximity cards, and printable for ID badges.

No card photo in the datasheet

13.56 MHz	2K	AES	Printable
smart card	memory	end-to-end	dye-sub

WHY CUSTOMERS CHOOSE IT

- **MIFARE Plus EV1** with encrypted Kantech sectors
- **End-to-end AES-128** card → reader → controller
- Spare sectors for other uses (canteen, vending)
- Printable surface

BEST FOR

- ✔ Kantech systems with ioSmart readers
- ✔ Higher security than 125 kHz prox
- ✔ Photo ID badges

NOT FOR

- ✖ ioProx-only (125 kHz) readers
- ✖ Non-Kantech systems expecting standard formats

KEY SPECS

Technology	**MIFARE Plus EV1, 2K**
Readers	**Kantech ioSmart**
Controllers	**KT-1, KT-400 with EntraPass**

FAMILY — PICK THE RIGHT ONE

MFP-2KDYE	Printable card — **this card**
MFP-2KSHL	Shell (thicker) card
