Texecom Premier Elite Series (range guide)

Premier Elite panels 24 → 640 zones · keypads · communicators

STOCK CODE

41CAA-0111

Range guide to pick the right Premier Elite panel — all share one programming platform and keypads.

⚠ The datasheet on file is the Premier Elite range brochure and doesn't list stock code CAA-0111. Confirm which panel this code is before quoting.

24–640	2–64	25–1000	Grade 3
zones	areas	user codes	wired panels

WHY CUSTOMERS CHOOSE IT

- Every panel shares the **same keypads and programming**
- Plug-on communicators: ComIP, ComGSM, Com2400, SmartCom
- **Texecom Connect** app with SmartCom
- Wired & wireless zone expanders (8XP, 8XP-W, 32XP-W)

BEST FOR

- ✔ Choosing between Premier Elite panel sizes
- ✔ Homes through to large commercial sites
- ✔ Mixed wired + wireless systems

NOT FOR

- ✖ Quoting a specific panel without confirming the code

FAMILY — PICK THE RIGHT ONE

Premier Elite 640	→ 640 zones · 64 areas · 1000 users · G3
Premier Elite 64-W	Wireless, 32 → 64 zones · G2

COUNTER QUICK ANSWERS

Same keypad for all? Yes — shared peripherals across the range.

App control? Add a Texecom Connect SmartCom.

Wireless? Add 8XP-W / 32XP-W, or use the 64-W panel.
