Centurion SMARTGUARD Keypad

Keyless access keypad · 1000 codes · IP55

STOCK CODE

24SK-1BLACK

Outdoor PIN keypad for gates and doors — up to 1000 codes, with single-use codes for visitors.

⚠ Datasheet covers SMARTGUARD (wired) and SMARTGUARDair (wireless). Confirm which this stock code is.

1000	IP55	3	1–10
user codes	weather rated	outputs	digit codes

WHY CUSTOMERS CHOOSE IT

- **1000 PIN codes**, 1 to 10 digits
- **Down-counter** — codes that delete after set uses
- 3 outputs, pulse (1–255 s) or latched
- Optional SmartSwitch stops 'hot-wiring'
- Memory backup module

BEST FOR

- ✔ Gate entrances and pedestrian gates
- ✔ Giving armed response a one-time code
- ✔ Opening gate, pedestrian mode and alarm from different codes
- ✔ Outdoor mounting

NOT FOR

- ✖ Card or biometric access needs
- ✖ Sites needing audit trails / software
